MEMBER LEADERSHIP

Capitol Leadership

Every year, South Dakota FCCLA provides two \$150 stipends for members interested in developing their leadership & advocacy skills by attending Capitol Leadership in Washington, DC. Student leaders and advisers from across the country visit the nation's capital to meet with elected officials, learn about government relations, develop leadership skills, and participate in team trainings. Students advocate for Family and Consumer Sciences and Career and Technical Education by showing policymakers how their support for education impacts teens in preparing to be college- and career-ready. An important aspect of Capitol Leadership features today's teens meeting with their representatives to explain the importance of continued support for the Strengthening Career and Technical Education Act.

Scholarships

Scholarships are available for South Dakota FCCLA students who exhibit outstanding leadership, academics, community service, and well-roundedness through various activities. Scholarships are awarded annually at the State Leadership Conference, and the number and amount of the scholarships is determined by the overall contributions to the scholarship fund.

State Leadership Teams

There are three State Leadership Teams, which include the Current Trends Team, National Outreach Team, and Advocacy Team. The Current Trends Team focuses on a National Program decided by the team members. The National Outreach Team focuses on the National Outreach Program. The Advocacy Team focuses on enhancing the State Organization through marketing efforts, sponsorships, and/or alumni contacts. Members of these teams are required to attend the Fall Leadership Conference, winter training, and present workshops at Region Meetings and State Leadership Conference.

National Fall Conference

National Fall Conferences provide an opportunity for members and advisers to come together to expand their leadership skills, sharpen talents, and explore career pathways. Students attend the College Career Fair, FCCLA Program Workshops, and Leadership Academy. Students also participate in Competitive Events, including Skill Demonstration Events and FCCLA/ LifeSmarts Knowledge Bowl.

National Leadership Conference
